KIMBERLEY CRUISES

Kimberley Cruises

2026 SEASON

DISCOVERYONE.COM.AU

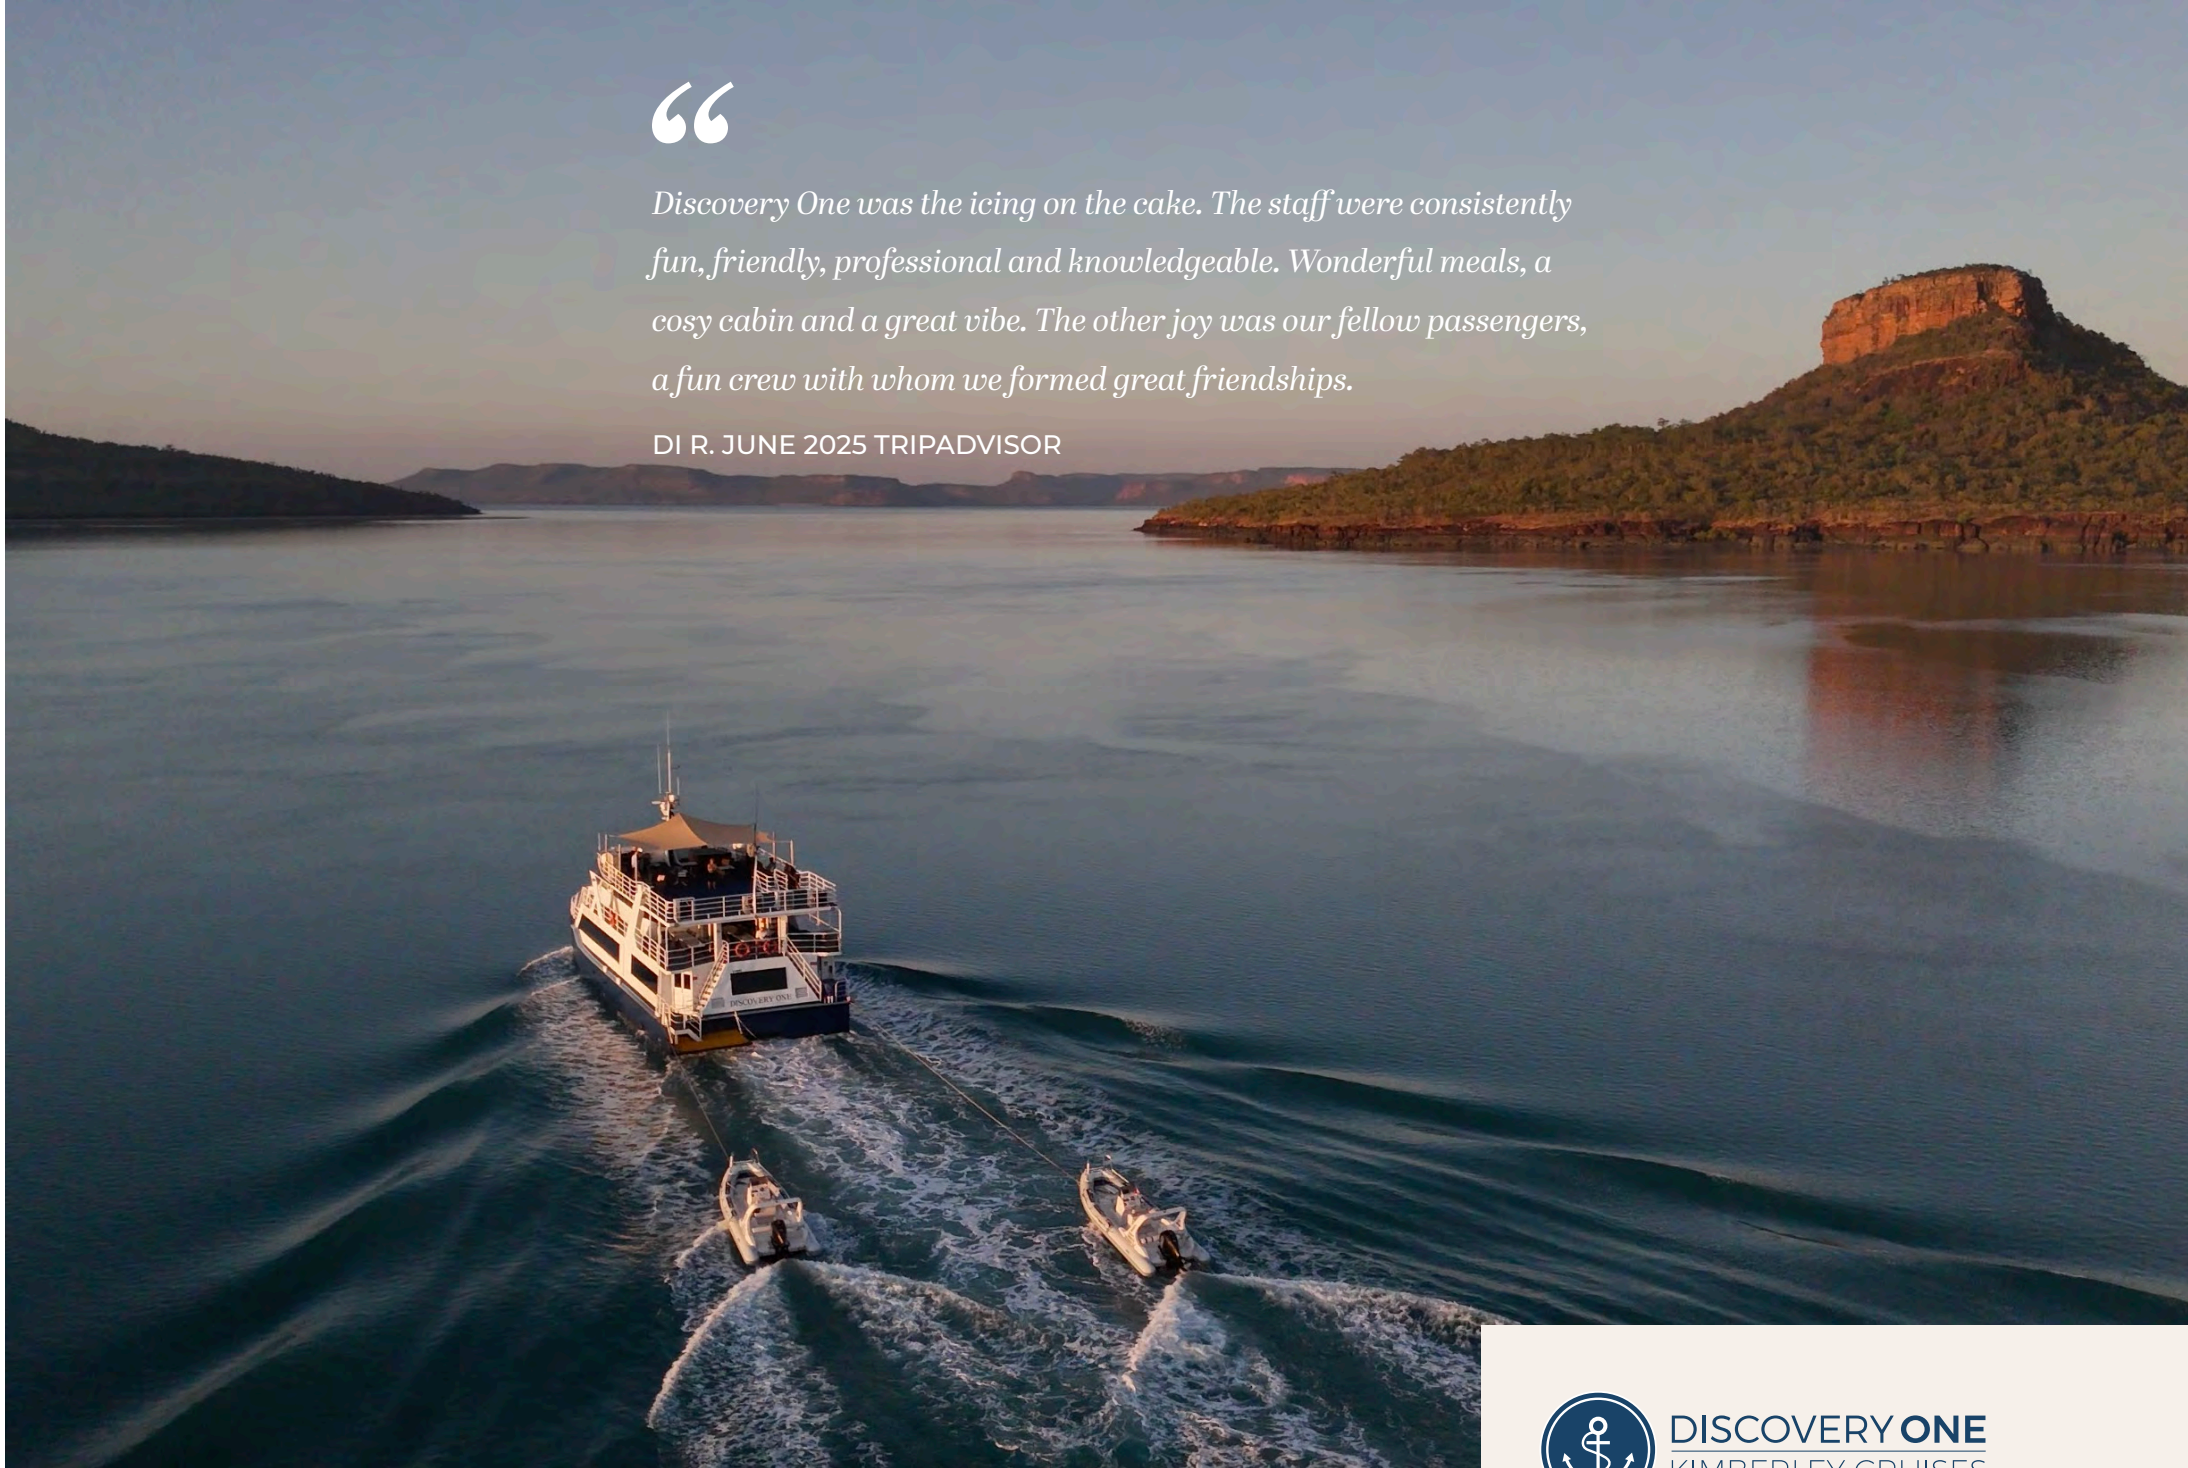

If you dream of exploring the remote, rugged beauty of the Kimberley with just 22 fellow travellers and a passionate, knowledgeable crew – this is your kind of adventure.

Discovery One is not your typical cruise. We offer immersive, low-impact travel through one of the world's last great wilderness frontiers. Think ancient landscapes, secluded bays, towering waterfalls, and wildlife encounters at every turn – from breaching humpback whales to saltwater crocodiles, sea eagles, and turtles.

We visit all the iconic Kimberley landmarks – Montgomery Reef, Horizontal Falls, and King Cascades – but we also go further. Decades of experience mean we know the secret spots: hidden rock art galleries, crystal-clear swimming holes, uninhabited islands, and cliff-top lookouts only accessible by shallow-draft expedition vessels like ours.

Each day brings 2–3 guided excursions (weather permitting) in our custom-built adventure boats – whether it's a hike to a freshwater spring, a beachcombing session on a remote shore, or a cultural site walk that connects you to 60,000 years of history.

“

Discovery One was the icing on the cake. The staff were consistently fun, friendly, professional and knowledgeable. Wonderful meals, a cosy cabin and a great vibe. The other joy was our fellow passengers, a fun crew with whom we formed great friendships.

DI R. JUNE 2025 TRIPADVISOR

You'll be cared for by a warm, professional crew who take pride in exceptional hospitality, fresh and wholesome meals, and sharing the stories of this awe-inspiring coast.

We are proudly Australian owned and operated, with a long-standing reputation for delivering unforgettable Kimberley experiences with heart, care, and a deep respect for Country.

If this sounds like your kind of journey – call us. We'd love to welcome you aboard and share the magic of the Kimberley.

Honouring Country and Culture

As we journey along the Kimberley coast, we travel through the homelands of the Wunambal Gaambara, Dambimangari, and Balanggarra peoples — three remarkable Traditional Owner groups who have cared for these lands and waters for tens of thousands of years. We are deeply grateful for their permission to visit these sacred places and pay our respects to Elders past, present, and emerging. From the Unguu Indigenous Protected Area, where Wunambal Gaambara Rangers care for Country “the right way,” to Dambimangari Saltwater Country, home of the sacred Wandjina spirits, and eastward to Balanggarra Country — rich with rock art, storylines, and language — this is Country alive with cultural knowledge and purpose.

At Discovery One, we honour this deep heritage by walking respectfully, supporting Traditional Owner visitor programs, and maintaining a low-impact approach to travel. For over 25 years, we’ve operated with care for people, planet, and place — sourcing fresh local produce, partnering with regional suppliers, and committing to tourism that gives back.

Our Pledge – People, Planet & Purpose

At Discovery One, sustainability isn’t a trend — it’s our foundation. For over 25 years, we’ve taken a low-impact approach to exploring the Kimberley. We proudly source fresh local produce, partner with regional suppliers, and support Traditional Owner visitor programs to ensure tourism gives back.

Our crew is looking forward to welcoming you on board

Discovery One’s crew and team acknowledge that Indigenous Australians are the traditional custodians of the Kimberley. Approximately fifty percent of the Kimberley’s population comprises Indigenous people who represent more than 30 language groups. We pay our respect to Elders past, present and emerging.
